

PMPDU0610S

6-Way Single-Phase Switched Power Distribution Unit

Surge Protector

Specifications

Parameter	Descriptions
PDU Type	Basic PDU
Input Voltage	230V
Output Current	13A
Surge Protection	Yes
Cable Spec.	3G 1.5 mm ² 2M
Plug Type	13A british type plug
Input current limits	13A
Max power	3000W
Frequency	50/60HZ
Sockets type	British type socket
No.of sockets	6

Physical & Environmental

Parameter	Descriptions
Size (L*W*H mm)	482.6x45x45
Shell Profile	Aluminium alloy
Plastic Material	PC/ABS flame retardant, resistant 850°C
Mounting	Horizontal
Working Temperature	-5°C~60°C
Relative Humidity	5-95% RH. Non condensing
Operating Altitude	3000M
Storage Temperature	-15°C~65°C
